Because being otaku
requires effort on
our part

2lazy040

October 1st, 2010

This time around we discuss various things in the news, like the end of K-on, and we discuss our thoughts on whether or not the anime industry is out of ideas, all the while laughing at paris hilton, steve jobs, and the san luis obispo county sheriff's department. In reviews Slunker and Roundpeg talk about Ghost Hound, Skyline reviews Night Wizard, and Roundpeg reviews monster.

Episode 39 Will be Delayed

September 11th, 2010

Howdy to you our listeners.

The release of Episode 39 will be delayed at least 1 week. For personal reasons I was unable to be present at our normal recording time last week. Because of this, we recorded episode 39 last night. This usually means that Slunker, our genius sound editor, will have the episode slapped together and ready to go within the week. Thank you all for your patience and understanding.

This time on 2 Lazy 2 B Otaku, we got Neokage on again, from [Otaku Momentum](#). In news we focus (primarily) on the pros, and cons (if any) of chilled panties. Afterwards Skyline reviews 07 Ghost for us. Slunker recounts the trauma that is Now and Then Here and There. Roundpeg relates a tale of apathy that is Flag, then he moves on to something far more interesting, and far more entertaining when he reviews Nana. As a special Bonus Neokage gives us a brief overview on Okamisan, and to wrap up we digress into a discussion of Bubblegum Crisis, Souleater, and Anime in general.

This time on the 2 Lazy 2 B Otaku podcast Slunker and Duma were unavailable, So to fill in the gaps we get Midori from [Otaku Momentum](#) and Roundpeg's childhood friend Tank. This time the focus is not on anime, but rather the writer director, who we all love, Kevin Smith

Prior to recording our 37th Episode Roundpeg wanted to let off some steam, so I turned on the recorder, and here is our first bonus episode. A fair warning ahead this is more or less not edited (there's music in the back ground that's it) so be prepared for some pauses. and stay tuned. Currently there is no set schedule for bonuses, it's all purely random when and if we do them. Later this week Episode 37 will be posted so stay tuned.

This time on 2 Lazy we try something a little different. We talk about the shonen fighting show, or formula, some brief bit of news, an impromptu review of D-Gray Man by Roundpeg and the typical discussion of what we've been doing the past couple weeks.

Episode 36 will be Delayed

July 14th, 2010

Due to some real life issues, namely me being out of town and Slunker having to work during our normal recording time, we have decided to push our next episode release back by 1 week. This means the next release will be on or around July 30th.

July 9th, 2010

This week we have Gene and Chris from SHAFT joining in the fun, as we discuss Manga Fox dropping a lot of titles from their site, mangaka making a drop in the bucket compared to the amount of money publishers make off them, and Skyline simply can't be bothered to do more then read the headline of the sillier stories in the news segment, which is understandable. In reviews we got Roundpeg going over Someday's Dreamer, after which we shoot the breeze with Gene and Chris finishing out the podcast.
